## SportOgramS

Simpson has a great future shead of him in the hockey reals and flitt Cummings, old Toronto player and referee watching Simpson go on Mooday night stated that he has a given a chance in higher company in a year or two. The youngster is of the aggressive type and his boring-in taclica are especially pretty to watch. Simpson has improved wonderfully well this year.

youngster played Junior two years ago and his absence from the game has certaintly not effected his play-

"The Observer" and Young is a real fast boy and chance at the arena tonight when they have everything at stake in they have recrypting at state, and their game with the Termion Mot. Bitter firstly exists between there may end they exist between there may not first in this manded difference between them. Bellemin the control of the prime at Termions trains composed to the prime at Termions train composed to the prime at Termion train composed to the prime at the p

Trenton fans will be here with

plenty of money to back their con-tentions tonight and Believille fans will not be slow to grab any that

Oar Arnott has promised an ideal abeet of ice for tonight and the boys wil certainty give the fans their money's worth.

It may be the last time that Belle file supporters may have a chance o see the Juniors in action. We Hope Not Though.

Steveral carabants of Belliville fans will go to Trenton for the re-turn rame on Priday night providing the Juniors make a good showing. Entries for the Central Ondario Backsall League clees to-day, Belli-wille, Kingston, Oshawa, and Peter-boro have all entered and a great

TO-DAY'S THOUGHT

PRACTICAL RELIGION

s in connection with a rec auto socident. In this 'secident was in collision with a taxi-cab. The taxi-cab driver was placed under ar-rest, and was faced with a charge of inal negligence which, if he had ed him in jail, deprived him, for girl's check is disgusting." ort, might have caused his home to be broken up. In addition, he was some men are too lary to fish.-Osha sie to secure legal aid to fight the Daily Times.

Things looked black for the taxt

This case is so unusual that it is the proscution of the taxi-driver to on Rev. J. J. Mellor, who got a supperdiction limit, and demanding the utmost of sentence at his first trial and only penalty for him. This woman, how-thirteen months' imprisonment after chairm. to some extent, she was a firm believer not accused of stealing a loaf of bread to some extent, she was a firm nonever not accussed or occusing a non-tin the policy of forgiveness. There is a great deal more of practical religited in this incident than is to be found in against him, and to which be confessed.

### MAIDEN SPEECH

Those who expected much from Mr.
R. B. Bennett in his maiden effort in
Parliament as Opposition leader, were
Dot disappointed. His speech was not
of the orthodox partisan character, the was a calm, reasoned, well-proportioned analysis of national problems that is aid to be helpful to the country Mr. Bennett, in his speaking, has ma-tured with experience. He has lost much of that onrushing eloquence—or was K but an easy fluency?—that characterized him in other days, but has ulary, in a finer sense of proportion

Mr. Bennett is still in the honeys of his new post, with most of his trials still to come. If he continues to keep on the high plane of his distinguish nce on Monday he will m and overcome them successfully.

### COMPETITION

radio early made deep inroads into the business of the phonograph manufacurers with the result that many serphonograph within a few years. The radio was a real threat to the millions of dollars invested in phonograph fac-tories and retail business. tories and retail businesses, a threat ful ly recognized by those whose money

Perhaps it was the Queen of Spain!

W Easked our dietitian where the name yespenish Bun' originated. To our surprise, she didn't know. So pethaps it was the Queen of Spain, who, when giving a party at the palace, was so intensely pleased with a cake made by Don Chef, that she instantly (lesing an English Princes) exclaimed: "It is desired the Spainsh Bun." This, of course, is so so that Spainsh Bun." This, of course, is so spainsh Bun. made after the following recipe, deserves universal praise.

cup butter
11/2 cups brown sugar
3 eggs
2 cups flour
4 teaspoons Magic Baking Powder

Sift togother flour, baking powder and spices 2 or 3 times, then add sugar; melt, but do not oil, butter, add to first mixture, then besten eggs and milk. Best welf, put in greased pan and bake 30 minutes in a moderato own. When cool cover with icing.

## Rogers [BATTERYLESS] Radio No other radio has ever been able to offer all the advantages and features found in the Rogers. And now they do not even compare in price. To get the best for the less money is a race appelrance—made possible only by the fact that the Rogers has a two-year lead in production, experience and distribution of Batterylees Radios. There might be some excuse for 'gambling' with auroprover radio if you surved consign—there certails by it and white

Ranging from \$26 to \$50

Here's the best radio news yet broadcast! Tust study the new prices and specifications of these 1928 Models of the famous Rogers Batteryless Radios. These new prices mean that real, proven, dependable "Batteryless" radio is now within the reach of all. No more need to fuss around with batteries, chemicals, chargers or unsightly wiring, to save a tew dollars; no more need to try and make an ordinary battery set into an "electrified" set. No more need to experiment with a new and unproven electric radio-for now you can get a genuine Rogers Batteryless Radio complete in one cabinetwith three years of proven performance behind it; all ready to "Just ping in then tune in"; with no extras to buy—at the same price as an ordinary, reputable, battery-operated set.

Think of it! The set which has outsold all other electric Think of it! The set which has outsold all other electric rest combined—the set that has provine its worthfin thousands upon theoremis, of Canadian homes from coast to coast—the exist his particle required in ordation and the exist of the coast of the coast of the act which alone can offer equalition and control of voltages—the eart which alone can offer the Roger's guaranteed A C Tabes—the set which otheres coast to coast reception Tabes—the set which otheres coast to coast reception power the year 'proof—aloney auditor—which coast less than S a verk for power—the rest which requires no batteries, obscribed, particle responses to the coast coast coast of the coast of the coast of the coast of the many; cases no excipal—and, most lipportant, the set many cases no cerial)—and, most important, the set with a power and tone quality all, its own—offered at less money than unproven electric sets.

Rogers "Two-Twenty" Rogers 's users a warry A handsome, portable table model, equipped with Rogers patented A/C tubes, irchud-ing the Rogers Power Tabe. Single-dial control. Illowin-side of caldinet. Finely finished genuine walaut cabinet with matched butt veneer oval

Rogers "Two-Hundred-A"

Same set as Model 220, but equipped with
Rogers Symphony Speaker, using a special design, long air column born combined-with the

At Seventeen You Also Need Vitamins

The standard of a young man's or woman's health and strength, the ability to ward off or resist winter colds or coughs, decreases as the body is ultimate starred or undemountable.

Those who are careful to keep vitamin-nounished with emulsi-fied cocliers of u. as in Scott's Emulsion, renew their strength and energy and are better equipped to master the dulies of school or business.

A little emulsified cod-liver oil taken regularly would be a protect-ing force to your health, by helping to make your daily intake of food more efficient. Keep well-nourished, take

Bift the cranberries through the flour sieve instead of rubbing them through the strainer and you will find it a time and labor saver.

When stains are to removed from table lines atriche the fittle over an embrodery frame and fasten its tightly if the frame is placed over a bowl of boiling water may be powed through the material with no danger of scaled lingers. The hopos also prevent wet-ting much of the cloth.

You'll be pleased with the roadability of the new Ford car; the car's low centre of gravity holds it anugly to the road on an unbanked turn even at high speed. Belleville Motors can demonstrate one to you

crease on this continent, and particularly in the United States, it is inter-With crime apparently on the in-rease on this continent, and particu coming so more that in Oreal Britain 2 refer were heavy four hundred million, and Ireland it is very much on the ed-closed in the editor of t to note that in Oreat Britain year tion in that, centry is now here than with streaming to themshires, the control what it was time or kip was a quid in screeders. On fars, all report that now it is not found necessary recens pools which we dead manner to have the high police from a man, there is not a way personally the name, been the manner to the police of the police the communities in which they are sit-uated have no use for them. The

unated nave no use for time. And reseased given for the dissues of these fails is that the amount of crine has abstrace a photomeand decline since the time the House of Commons seems to be war, and they are no longer necessary.

If is interesting to note, too, that the reason for the decline in crime is found to prevent waste of time, but as time in the fact that justice is being stern- goes on, the rule will undoubtedly less ly and impartially administered in to more careful preparation and great England. This is probably why condi er compactness of speeches—there will tions there are the reverse of what hey are in the United States, where tity. jalls are being filled up at a greater . Very few men sit in any Parliamer rate than ever, in spite of the fact or exist anywhere whose ideas on as that it is so easy for criminals to esthe consequences of their mis-forty minutes for expression sulfici-ds. If they could, be transported to serve all useful purposes. across the Atlantic, a ready market for these disused falls might be found in the United States. Falling that however, it would be even more effec-

#### TRANS.CANADA

What transcontinental motor highways in the United States have for that country has inspired in Canconstruction of a hard-surface trans-Canada highway binding torether all the chief topic of the provinces of the Dominion. Autole associations are back of the

federal government is being sought.

That Canadians appreciate the value of adequate transportation facilities is of Mrs. T. E. Ketcheson, Foster A auspices of the Ladies' Aid of Emmat of Mrs. T. E. Ketcheson, Poster Ave evident from the huge sums in prypr; last night. There was a good attend-tion to our population, which we have ance and a splendid programme was spent for such facilities. Construction an improved highway frein coast, at however, is a stupendous undertaking for it would pect through hundreds of miles of virtual wilder-

closely the most distint provinces, but there is another bond it would strength en also. Thousands of Americans tour Canada every year, and more would oss the border and penetrate farther eross the border and penetrate farther into the exente country to the north if there were good roads to take them into the alburing wild places. No one doubts that a trans-Canada

motor highway would pay for itself in a few years and that tourists from the United States' would pay a large

# easily explained!

OFTEN when you have asked to speak to a telephone in a distant city, con-nection is established while you remain at

At other times you are told "the operator, will call you," and you hang up and wait. What makes the difference?

In the majority of cases, when you give "Long Distance" the number you want, she establishes the connection at once — there is practically no waiting. When she must look up the distant number, it of course takes time — you are recalled when your party has been reached.

Why not let us make up for you a list of the distant numbers you frequently call? This will enable you to give Long Dis-tance the number when you place a call, and assure you speedy connection

Our new high speed long distance service is very popular. It is almost as speedy as local service. The distant number is an important factor.

"Every Bell Telephone is a Long Distance Station."

let there be harmony in the mini-Liberty in things mini-Charity in all."

TODAY'S THOUGHT As "unkindness has no remedy w." let its avoidance be with you

ANIMAL FRIENDS

concerning the intelligent devotion of dogs. The other day two dogs saved the life of their master, who had fal-len down in a faint on the railroad tawa of a systematic abuse of privileg hen down in a faint on the fainteen class on a systematic state on the fainteen fraction of the fainteen fraction and the fainteen fraction and the fainteen fraction and the fainteen fraction and the fainteen fraction f

In another case a dog warned the physically unfit to enter the countrecugants of a burning house of their as immigrants are allowed to enter an nger enabling them to escape with become residents when their exclusi-eir lives, but himself being burned would occasion extreme hardship to death. Recently there was a repor of a dog who carried off a smaller dog fully abused. Hon, Mr. Forke, min after it had been injured in a fight ter of immigration, confesses that dog adrift on an ice-floe, which was ed. Members of parliament, of all rescued after it had been exposed to

the freezing temperature for days.

All these accounts were read with who are friends or relatives of their the greatest interest and featured in constituents. Worse than that, it the newspapers as items of first-class practically certain that money has importance. It is a well-known fact bren paid and accepted for the success with editors that animal stories al- ful use of this influence. The obtain ways make a strong appeal to readers ing and distribution of immigration and for that reason they are given permits has become a form of illicit prominence. Man is fortunately deep-traffic, in which certain lawyers have by interested in the life of animals and engaged greatly to their profit. The light in hearing of their deeds traffic is not only to enable unfit perof courageous self-sacrifice, especially sons to enter Canada as perman when they show evidence of an intelresidents, but also to enable them to Egence which seems almost human. get into the United States by us

This crop of dog stories makes our ground channels in defiance of th ronder whether we really do "give a American quota regulations dog his due." Nothing could exceed The remedy for this abuse of priv-the loving service of these faithful liege is obvious. The provision auth-creatures and the least that can be oriting the issuing of special permits stures and the least that can be origing the issuing of special permission for them the to treat them with bin immigrants should be cancelled. Unless that kindness and show our gratitude less that is done before the present ser fourm for a little kindness, these short ends, the Canadian people will be sometisted animals are ready to die. In return for a little kinds If need be, for their masters,

hat a great lesson this is for all ment but by parliament also. of us, and yet how little, as a rule, we hat most people and especially the ng, are fond of dogs; but there are ses of great cruelty. It is good to encourage the feelings of admiration ities which are not of much important and affection they inspire. It is usuasy to get on intimate terms with a dog, but practically all animals re-

the handy pack the perfect wrap

Color Harmony—The colors for every car with Body by Fisher are selected by artists who, through long experience, have learned what colors are most pleasing when applied to a motor car body. Frequently several color designs must be created and criticated by experts before one is selected.

produstry—Fisher introduced the period in-noc in automobile hardware design. Fisher dy door window regulator and load foles, dome lights and instrument panels, all of the highest grade and designed period treatment by artist-craftsmen.

Uphshiltry Material — Fisher uses mohair, velous and broadcloth, selected with particular at cention to long wear and color fastness. All Fisher upholstery material is subjected to most severe tests and only the best in the particular weave decided upon is used

WHEN you visit the showroom of any Gen-eral Motors car dealer, you are certain to be, aroused to admiring enthusiasm by the beauty of the various models on display. The salesman with whom you talk will tell you that the bodies for all these cars are designed, engineered and built by Fisher. Each bears the world-known signature plate, "Body by Fisher". You may always feel positively sure that any can do always feel positively sure that any can do always feel positively sure that any can be always the property of the complex of the sales of the sa So true is this, that anyone planning the purchase of a new car would not only be safe, but wise, in con-fining his choice to those cars with Body by Fisher.

### Tired people ...

So MANY women, so many men, can't last through the day. Even mid-afternoon finds them listless and spent. Hope-leasly tired.

What a difference it would mean if they but realized how constipation saps health and energy. How it steals youth. Mocks beauty. Kills ambition. How it leads in the end to untold diseases.

And it can be so easily relieved. So surely and safely prevented. Kellogg's ALL-BRA's la guaranteed to relieve it promptly and pleasantly. To prevent it ever beginning it deadly work.

Why "all-bran" is necessary

To relieve constipation naturally, the system must have plenty of bulk. ALL-BRAN, because it is 100% bran, furnishes bulk in generous quantity. It carries moisture through the intestines—exercising them, gently sweeping out poisons and wastes. There is seldom enough bulk to properly do this work in a part-bran product. That is why doctors

recommend ALL-BRAN - the

Farewell, dangerous drugs

How much better is ALL-BRAN than habit-forming pills and lazatives—whose dose must be constantly increased to rethe constantly increased to reALL-BRAN is a pleasant, healthful cereal food. Don't you agree that it is far safer and far better constitution in this natural way only pills drugs or part-bran products?

Kellogg's ALL-BRAN is delicious with milk or cream—with fruits or honey added. Use it in cooking too. Sprinkle it into soups. Mix it with other cereals. Just eat two tablespoon-fuls daily—chronic cases, with every meal.

But insist on genuine Kellogg's. Don't risk part-bran substitutes. ALL-BRAN is sold by all grocers. Served in botels, restaurants. On dining-cars. Made by Kellogg in London, Ontario.

SUNDAY, 3 P.M., ODDFELLOWS' HALL

The advisability of organizing a regular Baptist Church will be considered. A hearty welcome is extended to all.

### IN PREPARING FOR THOSE COMING DANCES

Naturally, the appearance of your frock or suit will be a matter of prime importance.

If the fact be known, you'll find that the majority of your friends at the dances patronize the cleaning swrive they're found to be with the highest quality of cleaning possible to that anywhere.

They send their paraments to the Model on And you, too, may reall yourself of this service now—a service which will enable you, also, to look your level as the occle allowing.

tory on the north and the wes of Alberta on the east. Isolat-ole are also found on the Cypres ish the southern portions of Alb ri- Saskatchewan.

WHEN you see the New Series Pontiac Six—when you experience its vastly improved performance—you'll understand why people are actually amazed—why so onany satisfied Pontiac Six owners agree in saying, "It's so fine a car that words can't begin to describe it!"

They knew that last year's Pontiac Six was a great car-

and a great success. But when and a great success. But when they inspect the magnificent new Fisher bodies—the smoother and more powerful engine—the stronger chassis with its four-wheel brakes and numerous other advancements —they agree that this is another great triumph of Pontal today of the control of the control of the property of the control of the control of the control of the control of the more your dollar will buy.

OLYMPIC SKATERS

# PROVED Every Known Test

EXPERIENCE gained in the manufacture of millions of quality cars . . . years of research and experiment in the great General Motors Laboratories . . . the superb skill and aristry of the would's foremost body-builders . . . all of these went into the making of the "Bigger and Better" (hererolet.

And the results have been proved . . . proved by Chevrolet engineers . . proved by thousands of miles of ACTUAL performance on the great General Motors Proving Ground.

There is no element of doubt or uncertainty. The New Chevrolet comes to you with a high record of achievement, won through the most gruelling and exacting tests in the automotive world.

The "Bigger and Better" Chevrolet is NEW . . . amazingly, thrillingly new . . . yet it has been tried and proved by every test and standard.

Come in . . . See this car which has become known as the world's most luxurious low-priced automobile.

107" wheelbase, 4 inches longer. Bigger, roomier Fisher Bodies. Non-locking four-wheel brakes. Now shock absorber springs. 34.6 per cent. greater power.

SportOgramS "The Ooserver"

With Eingstein and Trenton safe is tucked away the Belleville Juniors will face the real acid test of the reason at Trenton arma tonight when they will attempt to overcome maken all Transen across Sompleth, we to they will attempt to overcome the one goal lead that the Markham consummers of Monday table. It will be a battle from the first bell and take it from one who was a ring-old precision one who was a ring-old precision one who was a ring-old precision. The Markham fram are rightens and while Belleville bey are considered that they can take the visitors into camp it is admitted that they will have they hands full turning the trick.

Three of the picters on the visit-ing tean will bear watching and, three are Williamson' fast defence man, Grobby in centre and McDon-aid on the wing. The rest of the team is made up of first-rab bockey, lats and Eddie Thomas' charges realize that they have a busy even ing ahead of them.

The Maroons were at sea in the Markham rink during the opening atgree but they are the angree but they fore in and were all to the mustard after they had fathored the tethely corners. However, the Markham rink is a long narrow affair and the Eleksville team had been much at home on the Trenton rink, in view of the fact that they have played these tweed during the hare played these tweed during the played there twice during the nat winter besides holding on tice atmon.

presence Thomas has outlined his plan of attack toolcib. He proposes to reid the boys at full spreed in the proposes to reid the boys at full spreed in the proposes to reid the boys at full spreed in the proposes to reid the boys at full spreed in the term of the term of the marks to the term of term of the term

The kids have their hearts set on the Mutual Street arena on Friday evening and realize the big task nhead of them tonight. The Mark ham team is a big fast outfit and the locals are hopeful of returning to the form shown against Kirgston.

1927 - - - -401,305,000 An Increase of \$56,054,000

Dividends to Policyholders increased for eighth successive year

### EXTRACTS FROM DIRECTORS' REPORT

Substantial advances have been made in all departments during the year. . .

The total ast income for the year exceeded one hundred million dollars

nave been further enhanced.

The high earning power of the Company's investments has been again demonstrated. The net rate of interest earned on the mean invested assets, after fully providing for investment expenses, was 6.47 per cent. This gratifying result has been made possible by dividend increases, bonues and steck privileges accruing on many of the Company's boldings.

boldings.

The widom of the investment policy which has been consistently followed in past years, in flavouring long term bonds and the stocks of outstanding and very carefully selected corporations, has been once more emphasized. The appraisal of our securities shows that the excess of market values over cost increased during the year by \$19,235,889.99. In addition, a net profit of \$3,020,032,03 concrued from

the redemption or sale of securities which had risen to high premiums.

The quality of the investments listed in the assets is testified by the fact that on both bonds and preferred stocks not one dollar, due either as interest or dividend, is in arrear for even most stocks are greatly in excess of the dividends payable on the same stocks at the time of purchase.

The surplus earned during the year amounted to \$38,511,029.67 from which the following appropriations have been made:

\$5,000,000 has been deducted from the market value of our recurities as a further provision against possible future fluctua-tions, increasing the amount so set aside to \$10,000,000.

\$1,500,000 has been added to the account to provide for unforescen contingencies which now stands at \$12,500,000.

\$1,000,000 has been written off the Com-pany's Head Office building and other reconstiles

\$500,000 has been set aside to provide for the greater longevity of annuitants, bring-ing the total provision under this heading to \$2,000,000.

\$50,000 has been set aside to provide for claims in respect of total disability as yet unreported.

sili,090,056.61 has been paid or allotted as profits to policyholders during the year. In addition, 86,025,573.64 has been con-tingently allotted to deducted dividend poli-cies issued prior to 1911, and to five year distribution policies, te provide for profits accrued but not yet payable.

After making those deductions and alloca-tions, \$11,269,330.89 has been added to the undivided surplus, bringing the total over all liabilities, contingency account and capital stock to \$45,280,896.14.

Your Directors are gratified to announce, for the eighth successive year, a substantial in crease in the scale of profits to be distribute to participating policyholders during the er suing year.

Daily Intelligencer BAY OF QUINTES LEADING - NEWSPAPER, BELLEVILLE NEWBRAPER, DELLEVILLE, inted and published every after-except Sunday and holidays for Intelligencer Printing and Pub-rille, County of Hastings, Prov-of Ontario, at their office, Pront Street. S. B. DAWSON, President and Manager.

TO-DAY'S THOUGHT

esibility walks hand J. O. HOLLAND.

GOOD LAW, BUT-

indiciases one reason why crusts of the providence are none numerous in-the tradeof States, in proportion to popula, thos, than in any other civilized come in it address. Then, somehow, the tradeoff states are provident to the companies of the com-tinuation of the companies of the com-tinuation of the companies of the com-traction of the co trial, charged with murder. He plend begins ancering at St. John .

urt official this murderer it allowed on society—encouraged, perhaps, by his experience to do some more murdering.
This is the sort of thing which popularby no means necessarily a court of fustice. When a mere unimportant ity looms larger in the eyes of judges than equity and the public re, it is not'strange that the crim and those who administer it.

### GOOD NEIGHBORS

One touch of pity makes the wh world kin." And amid the darkness of the tragedy that has come to Northern to, one fine, one noble thing shines brightly through it all. It is the cels?" warmhearted, generous and gallant Litt way in which our good neighbors un the south have rushed to the work of rescue. Nor is this the first occasion upon which they have shown the finest of impulses toward the Canadian when, during the war, an explosion brought death and disaster to Halifax it was an American party, with doctors nurses and rescue appliances, that

These are things that we, as neighhors of the Great Republic, should try
to always remember. Difference, we OTHER MI suppose, will always exist between Can ada and the United States; if they are nces, decently and honest ed, it will not much matter. But Jobs are held by men who rewhen we are tempted to speak write mean or thoughtlessly hurtful Detroit Pree Press. of us, we should try to remember the finer and higher things that unite us. things so wonderfully revealed by gal-

### MARITIME UNION

Mr. Hance J. Logan, for years one o The most respected of Nova Scotla's representation in Parliament, is out with wenty-one reasons for a union of the Maritime Provinces. They are good ms, 'and logical; but they won't looking down upon the inhabitants of St. John as though they were Hottentots, and vice versa. Maritimers are on met in the smoking rooms at that they were Irishmen, and pity the gardless of where his forefathers a at the Boyne. It was only when they Yet know ere I att

### Some Helpful Hints For Busy Housewives

### Rosy-cheeked children happy as the day is long!

CHILDREN have a wonder-ful friend in Ovaltine. As they sip its delicious, unique blending of ripe barley malt, fresh eggs and creamy milk, they gather new vitality and

energy.

Ovaltine is the best thing you can give kiddies. There is no substitute. Every particle is perfectly balanced nourishment. Easily digested, Ovaltine is absorbed quickly and promptly creates a priceless reserve of viality which protects small bodies against fatigue and illness.

OVALTINE

Give Ovaltine to the childroften, with their meals and t-ween meals. Kiddies lo Ovaltine. It keeps the spari in their eyes, the hoseh health in their cheeks, as taken at night brings restful, restorative sleep. Doctors all over the world recommend Ovaltine extensively.

THE MOST FAMOUS LETTER
What is the most famous letter of
the-alphabel? There have been libia-trious names from Adam down which
might be found under any letter of an
index, but I wonder it one could find
as many under one letter as under '8'.
The following is not an exhaustire list.

Ink stains should be rubbed glycerine, then the fabric wash the ordinary way.

When cooking vegetables, if salted just before they are finished cooking, they are more likely to be tender than if they are cooked in salt water.

Use for Old Hoi-Water Bottle
If a leather hot-water bottle Irska
and is of no further use for its oricinal purpose it need not be througwary. Fill it—but not too tightly—
with bran or sawdust, screw up inttropper, and you then have a soft and
waterproof most for all kneeling jobs
both in the house or garden.

### general publications and Distance now counts less than ever!

ANOTHER step forward in teleoperator now connects you with any, telephone in a distant city — usually while you remain on the line.

Which makes long distance service almost as speedy as local.

It saves time if you can give the operator the distant number. If your do not know it, she will gladly look it up and ask you to make a note of it for future calls.

In the interest of greater speed in long distance service we will gladly, make up a special directory of outof-town numbers you frequently call.

This will save your time and ours, and give you a speedier long distant service than you have ever known

"Every Bell Telephone is a Long Distance Station.

J. C. COKERS

Master Workmen Work for Canada

IN NORTHEAN EXECUTED plants and branches 4,653 workers daily exert all their wealth of training and experience to create, perfect and distribute much of the equipment necessary to transmit electric current to supply the needs of Canadian householden and Canadian industries from coast to coast. Thus each worker is playing an important part in the development of Canada and in the building of a great industrial nation.

The guild spirit, which inspired the master craftsmen of former days and created a standard of perfection which was easily recognizable by all, is strong in the hearts and minds of these workers. This healthy pride of workmanship has become a part of every product of NORTHERN ELECTRIC workshops.

The Normana Euernau Conseaver is proud of the record of service of its employ-ees. The oblest employee in point of service has been with the company for forty-nine years, another man for forty-forty-warri, and sharl for forty-three years, of the principle of the properties of the principle of the principle of the There are twenty-men who have a record of more than thirty-few years of services interne who have been with the company upwards of thirty years of services and eventy-size for more than twenty-few years; and one hundred and intervi-sion for more than twenty-were. seven for more than twenty years

Information

It is inevable that this wealth of experience has been reflected in the high standard of Nontitians Electrical products which are in daily use for the service of Canadams and the development of Canada a resources.

Dimoked and enjoyed from Pacific Coast to Atlantic Scaboard by every age and every class

MEN MEET and will POINT ANNE CLUB! battle to

Master Workmen Work for Canada

N NORTHERN Electric plants and branches 4,623 workers daily exert all their wealth of training and experience to create, perfect and distribute much of the equipment necessary to transmit electric current to supply the needs of Canadian householders and Canadian industries from coast to coast. Thus each worker is playing an important part in the development of Canada and in the building of a great industrial nation.

The guild spirit, which inspired the master craftsmen of former days and created a standard of perfection which was easily recognizable by all, is strong in the hearts and minds of these workers. This healthy pride of workmanship has become a part of every product of Northern Electric workshops.

The Northeas Electrica Courant is proud of the record of service of its employees. The oldest employee in point of service has been with the company for forcy-inne years; and the oldest employee in point of service has been with the company for forcy-inne years and the oldest for forty-where years. There are twenty men who have a record of more than thirty-five years of service; eitenteen who have been with the company upwarted of thirty-wears one hundred and eventy-wist for more than twenty-five years; and one hundred and minetyseven for more than twenty years.

# THE DAWN OF A NEW SEASON

Many is the materials and cleverly arranged shapes that will make this year's head-west. A small bring is being used; that ripples or is alsahed—the one half lying flat argainst the crows. In many cases where the hat is without a brin, the crows con-tinues down over one ear in tab shape, which is outlined with enhanced timming. Little ribbo hat make a sart combines are designedly smart, the felt small disc and other sha made a sart combines are designedly smart, the felt and in the felt where It lights the trans. This is shown in a new putor unbade. Date broidery in silk and gold threads show up well on their far many that the shape jake. Inthe Pully design of some combine may be present with others of side. Navy is the

# Great Hazards

"It has been in this house fifty years. You can't find another piece like it. This, ladies and gentlemen, is genuine! What am I offered for it? These old treasures are going for a song. Give me a bid."

As the auctioneer rattles on, the neighbors think of the old days or entertainment and open hospitality in that house. They wonder how long the proad and lonely mistress has been fighting off the increasely.

THILE presenting our Annual Statement showing Assets of \$2,388,647,636 - 2 Billion, 388 Million Dollars - representing savings and investments of 25 million people in the United States and Canada, the Metropolitan Life Insurance Company desires to make clear what a life insurance company can do, what it should do and what, so far, it has been unable to do toward meeting what have been called the five great hazards of life:

#### Death

which may come early, before one's dependents have been provided for.

always sudden and often causing lessened earning power.

#### Sickness

which may cause want as well as

#### Dependent Old Age

which must seek charity if self-support is no longer possible.

#### Unemployment

which may bring distress to others in addition to the one unemployed.

N N

Annuities for old age, protection in case of death, accident or sickness -almost every financial requirement can now be met by insurance.

monthly) \$5,877,465,375.00 Group Insurance \$11,768,398,187.00 Total Insurance Outstanding \$14,803,785,790.00 Number of Policies in Force 40,186,107	Payments to Canadian Policy- holders in 1927 \$11,560,367 Increase over 1926 of \$1,481,360		
(Including 1,154,818 Group Certificates)	The Metropolitan leads in Canada		

as it does in the world.

Only one problem is still unsolved. unemployment insurance and that only because legislation permitting it has so far been refused. The day must come when every family can and will plan to meet every one of the five great hazards so that none of its members will ever face the need of charity.

The United States and Canada pay higher wages than other countries. Nearly all their workers earn enough to provide for both present and future needs. If they will but plan ahead they may have in their years of retirement, not merely bare existence, but real comfort.

#### 器 器 器

Thousands of those interested in life insurance have asked how the family income should be expended. Send for our Home Budget Bookist which tells how much should be spent for necessities—food, housing, clothing, fuel—and how much should be laid aside for protection. It

FREDERICK H. ECKER!

HENRY E. NORTH, Third Vice-President and Chief Agent for Canada.

Amount expended during the years 1909-1927 inclusive for

The Metropolitan Life Insurance Company is a mutual organization. It has no stock and no stockholders. Its wealth is owned solely by its policyholders.

# **BIGGER and BETTER**

WITH MOVING PICTURES

Saturday February 25th 8 pm In Dealer's Showroom

Come and discover the qualities that make Chevrolet Bigger and Better. Have all its modern mechanical features fully and clearly explained by an expert from the General Motors' factories.

In all automobile history...in all Chevrolet's thirteen years of constant progress... there has never been a low-priced car so luxurious, so modern, so beautiful as the Bigger and Better Chevrolet. This demonstration willshow you why, in an interesting and instructive way. Come ... whether you contemplate buying a car or not.

## "I'll say it has power -and Westinghouse Brakes have everything stopped for stopping"

TODAY'S Chandler is one of America's greatest automobiles -- nothing approaching it within hundreds of the price. This is immediately evident when you examine the car-doubly evident when you try a drive.

you try a drive.

Chandler is the first American automobile to adopt Westinghouse Vacuum Brakes—and is, therefore, America's easiest and safest care to control at any speed. A light touch on the brake pedal—lighter than you use on the starter button—brings Chandler to a quick "cushioned" stop.

"Touch-and-stop" brakes . . . and "touch-and-go" power! The new Big Six by Chandler takes on

NLW ROYAL EIGHTS

other sixes anywhere it meets them—and merrily outsteps them and in the same spirit Chandler's new Royal Eight is always ready to show its heels to other eights.

ready to show its heels to other eights.

For Chandler has added still bigger reserves of power in its Pikes Peak Motor.

Another big point in Chandler's favor
is its "One Shot" centralized lubricating
system. Press a plunger and the chastic

### LAST SESSION FRACTURES ARM IN FALL ON SIDEWALK UPPER CHAMBER

# on't dose a Child's Cold

dosing upsets ichildren's delicate stomachs. Vicks is applied externally and therefore cannot disturb the digestion. H acts in two ways:

(1) The body heat releases—the ingredients in the form of vapors which are inhaled.

(2) At the same time Vicks "draws out" the soreness like a poultice.

# **More Car** for the Money

MORE car for the money than ever before in all automobile history!

More SIZE . . . more roominess . . . the "Bigger and Better" Chevrolet is built on 107-inch wheel-base, 4 inches longer than before.

More POWER . . . more alertness . . . the improved Chevrolet engine

(of the valve-in-head type used in rac-ing cars) has 34 per cent, more power than before.

More SPEED . . . more snap . . . with unexcelled smoothness throughout the entire speed-range.

More LUXURY ... more comfort ... easy-riding, shock-absorber springs cushion every jolt and jar. Rich, deep upholstery and exquisite appointments add to the luxury of the "Bigger and Better" Chevrolet.

More FEATURES . . . every detail of advanced design expected of the higher-priced cars to be found in the "Bigger and Better" Chevrolet.

Come in. Judge for yourself how much more car the "Bigger and Better" Chev-rolet offers for your automobile dollar.

The G.M.A.C. . . General Motors' own deferred payment plan affords the most convenient and economical way of buying your Chevrolet on time.

Imperial Sedan - \$890.00

### Combining New Elements of Style, Beauty and Performance

THE world expects much of the Six which has created such spectacular records of success in its first and second year . . . and, in the New Series Pontiac Six, the enthusiastic anticipations are more than realized.

Beyond question, this is the most amazing thing Pontiac Six has ever done . . . it is a thing that only Pontiac Six, backed by the almost unbounded engineering and manufacturing facilities of General Motors, could do.

revotes, could do.

The New Series Pontiac Six is the last-word in 1411/in design, with new and vividity beautiful Fisher Bodies, finished in the new harmonies of genuine Duto, its imposing appearance enhanced by the law following the country fenders and the newly-designed headlamps.

In mechanical and engineering advances the New Series Pontiac Six presents no less amazing progress. Greater power and amoothness have been secured by a unique combination of refinements, including the new GMR "blue-streak" cylinder head,

# **Onsult an Expert** Who knows more about the value of life insurance than a bereaved wife? Ask her what life insurance

All too often husbands and wives in the heyday of life become blinded to the future by present favorable circumstances and good health.

This frequently results in one of life's greatest tragedies — mothers and children left alone to face a world they never knew.

It's all the more pitiable since life insurance protection can be secured so easily and at such low cost from The London Life.

Example of "Earning Power" Series, 20 Year Term with special Inter-change Privilege. \$10,000 Insurance

\$ 94,50 \$122.00 \$208.00

If you are tempted to postpone the taking of adequate life insurance protection think twice

### SMART MILLINERY-LOVELY FABRICS-ACCESSORIES--

**Printed Crepes** 

Nothing is smarter for Spring, than these figured georgettes with their many and gally colored patterns. Saw-tooth and other little oddly shaped estigns are shown in great number. Pastel shades are promisent in grean, blue, cane etc. Black and white in floral and cluster duts rival the colors with their dainty winsomeness. 38

Kasha -- Spring's Newest Fancy
This new fabric is a leader for Ensemble-Sportswear and even
the chic Tabred uith I it is an orethic horse with the chic Tabred with I is an orethic horse and gray. In plaid and check. Width of 36 inches. Priced at \$1.50
Yard ... \$1.50

### CAMBRICS Potter's Quality

This is the well known material of Eng-glish manufacture. Very fine quality floral and modernistic designs. New col-orings in blue, sand, rose, mauve, crabap-ple and comes in 32 inch width. Reason-ably priced at

Low Price With the new plaids added, our gingham and zephyr stock is indeed complete. ou'll find such colors as blue, green, yel low, mauve, red and rose in plain, colors small an large checks as well as the plaids mentioned. Anderson's qualities in 32 inch width at 25c yd
